

Online Exam Pattern

- Questions distributed by Electronic systems, in this procedure the questions are randomly generates by the computers.
- In the exam, student can see the questions in 'N' number of rows and 1 column format.
- For answer there will be text box input the answer and submit it.
- Immediately, next question will get.
- Skip option to skip the question and go further to solve next question.
- As well as student can jump directly to any specific question types; for example – Add Less, Multiplication, Division or All.
- On bottom, find the all question numbers with link and color code. Color indicates - Red for 'Not Solved', Blue for 'Skipped' and Green for 'Solved'.
- Candidate should avoid pressing 'F5' or refresh or backspacing.

Note- Once student has clicked to submit button, student cannot modify the question; even, student cannot see or go to that question

Examination procedure: 2 simple steps to know the procedure

Step – 1: Venue

a. exam center:

- The exam administrator will issue instructions regarding the examination before the exam
- Administrator will complete the [login](#) of individual candidate on individual machine (computer) 5 minutes before @ scheduled time with the help of examiners in the center.
- The exam administrator or examiners are not Abacus Franchisee, instructor, or parent; they are outsiders.
- The exam administrator will receive the email list of students as per schedule their Username & Password or printed copy before 2 hours of real exam start at the center.

b. Individual:

- If the exam center is not allotted; candidate can attend the competition exam individually from anywhere.
- The candidate will receive notification of competition exam link, Username and password on registered email or sms on registered mobile number on schedule exam date before 2 hours real exam starts.

Note: We suggest you to check a computer with good internet connectivity so that there is no breakage of internet during the exam
